Consent to Disclose Student Records for Record Sharing

At NextUp, our goal is to help your child reach his or her full potential, socially, emotionally and academically. To help us achieve that goal, we may need to share certain information about your child with the Richmond Public Schools system (RPS), Higher Achievement (HA) and Communities In Schools of Richmond (CISR), and they, in turn, may need to share certain information about your child with us. RPS, HA and CISR are partners with NextUp in creating a full day learning experience for your child, and sharing this information can help us better serve him or her. Additionally, this information will help us understand whether or not the program is having a positive impact on your child's academic, social and emotional well-being.

Also, to improve the NextUp program and make sure it meets the needs of students and their families, we may conduct surveys to ask questions about the kinds of NextUp programs students would like to see, and what they are learning from their participation in the program. The answers to the surveys will be used to evaluate and improve the NextUp program. Completing the surveys is optional, and they may be completed anonymously.

By signing below, you consent to have Richmond Public School release your child's student record to a data management system operated by our third-party partner, Youthservices.net. The student record has information such as your child's attendance, grades, scores on SOL assessments, types of services they may receive, discipline history, and demographic information. Having this information helps us better understand how our services work and how we can improve them to help your child be more successful.

I understand why NextUp is asking my permission to access my child's student record, and I grant permission to Richmond City Public Schools to share that information with NextUp and their third-party data management system partner, Youthservices.net.

Yes, I give my permission to allow the Richmond Public Schools system to disclose my child's student records to NextUp and Youthservices.net. I further consent to allow NextUp to disclose information about my child's program participation to the Richmond Public Schools system and NextUp program partners.

No, I do not give my permission to allow Richmond Public Schools system to disclose my child's student records.

Additional information about student privacy rights under the Federal Educational Rights and Privacy Act (FERPA) can be found in the Richmond Public Schools Parent Handbook.

Media Release

Sometimes, NextUp and its partners may use photos of NextUp participants in publicity and marketing materials, such as on the program's website. In addition, the media may take photos when they come to visit the program.

- To the extent that I have any concerns about my child’s fitness to participate safely in any activity, I understand it is my responsibility to raise those concerns with an appropriate medical professional to confirm that my child’s participation will not present any unacceptable risk of injury.
- I understand that participation in any of these activities is entirely voluntary and requires my child as a participant to follow instructions and abide by all applicable rules and the standards of conduct established by the Program Provider.

- In the case of an injury or illness involving my child that is not a true medical emergency in the opinion of the medical provider, I understand that it will be my responsibility to make timely decisions on appropriate medical treatment for my child.
- I authorize Program Providers to disclose any information in their possession regarding my child to any medical provider that sees or treats my child for any illness or injury that may occur when my child is participating in a Program activity.
