Program	Career Cluster	Description
Adventure Sports Broadcasting/Lacrosse	Arts, Audio/Visual Technology and Communications	Prime Evolution Group believes in restoring the entrepreneur business mind set among today's youth in the Richmond area. Our company prides itself on empowering youth to learn and participate in a trade or skill that will enable them to pursue future employment.

Airbrush	Arts, Audio/Visual Technology and Communications	Teaching the skill and artistic development of airbrushing . Teaching the entrepreneurial mindset.
Art 180 Studio	Arts, Audio/Visual Technology and Communications	Join professional artists as we explore creativity and joy through the practice of making, drawing, sculpting, painting, digital art, performance and much more. This will be your studio time to create art that best represents you and your community.
Broken Men Foundation Youth Academy	Education and Training	We will provide tutoring to enhance academic performance, trauma, gun prevention, life skill building, mentoring, college tours and more. Give them emotional support our young men desperately need to overcome some of their past obstacles, empower them to be more productive citizens and leaders with a family support system.
Cricut Corner	Marketing, Sales and Service	To enhance and develop creativity with designing custom items for entrepreneurial lessons
Drone Piloting	Transportation, Distribution and Logistics	Teaching Drone Piloting, videography and photography.
Edible Schoolyard	Agriculture	Join us as we transform the school's outdoor space into a tasty garden where you will learn to dig it, grow it, and eat it! Learn all the steps to creating and maintaining a bountiful garden, then learn how to turn plants into tasty dishes. Lots of tasting and eating in this program!
Empowered to Jump	Arts, Audio/Visual Technology and Communications	Have fun, learn cool tricks and show us your moves in our double-dutch ropes. No experience needed; we'll teach you how to jump.
Flag Football: Leadership Development	Arts, Audio/Visual Technology and Communications	Moving up the developmental ladder, we have our 7 v 7 format with rule modifications and increased play complexity making it a program for all ages. Played within a 30 x 70 yd field with enhanced safety features like no-run zones, players will experience incremental skill development both focused on the individual and team dynamics, a deeper understanding of positions and roles, and teamwork
Game On, Girl!	Arts, Audio/Visual Technology and Communications	How does it feel to have the CONFIDENCE to lead an ACTIVE and HEALTHY lifestyle? Come find out at Game On, Girl where you will work with empowered women to play a variety of fun games and sports in a girl-centered space where students of all abilities are welcome!

Culinary Arts	Agriculture	We help students embark on culinary journey through from scratch cooking.
Give + Take: Nature Based Art	Arts, Audio/Visual Technology and Communications	In GIVE+TAKE: NATURE-BASED ART, students take materials from nature to fashion their own paint, paintbrushes, and paper, while thinking of ways of giving back to nature through their art. By learning these processes, students consider that creativity can be both an individual and collaborative effort, and come to understand their own relationship to nature, and each other.
Jewelry and Accessory Making	Architecture and Construction	You can explore your creativity by making jewelry and accessories from conventional and unconventional materials. You will explore different techniques for making items like pouches, earrings, wallets, and more!
KICDRUM	Arts, Audio/Visual Technology and Communications	KICDRUM is a fun and interactive musical experience. You will learn to create rhythms and music using individual drums, computers, and games.
MasterChef	Agriculture	Like to cook, bake or want to learn how to make some awesome dishes? Learn how to make meals, desserts & all about kitchen safety!
Music is Life!	Arts, Audio/Visual Technology and Communications	Music is Life! Hot Songs, Symphonies, Swing, Soul, and more..
Outdoor Adventure Club	Science, Technology, Engineering and Mathematics	Join the Blue-Sky Fund Outdoor Adventure Club for exciting activities including canoeing, rock climbing, hiking, and more! Every meeting, we'll venture out into parks and explore the natural environment in and around Richmond, while practicing our outdoor skills, ending the session with an overnight weekend camping trip!
Precision Step Team	Arts, Audio/Visual Technology and Communications	Precision Step Teams introduces students to body percussion, synchronization, focus, leadership skills, acting and performance through the art form of step
Pro Skills Basketball	Arts, Audio/Visual Technology and Communications	The mission of PSB is to change the culture of youth basketball. More specifically, we strive to change the win-at-all-costs, negative youth basketball environment to a healthier, more positive environment through a focus on teaching, coaching, and learning.

The Nail Room	Arts, Audio/Visual Technology and Communications	Join the Nail Room where a nail tech will help you develop the skills to design and make nails.
River City on the Run	Arts, Audio/Visual Technology and Communications	See how far your body can take you by joining the run club! As you build your endurance and push yourself past your limits, you will be training to participate in a local race. All abilities and experience levels are welcome!
Spin Academy/Lyrical Miracle	Arts, Audio/Visual Technology and Communications	Teaching the stem techniques with DJing along with entrepreneurial and confidence building
STEAM Team	Science, Technology, Engineering and Mathematics	Students will participate in fun and engaging hands-on activities and experiments to discover the awesome world of science, technology, engineering, art, and mathematics!
STEAMulate Sport and Game Design	Science, Technology, Engineering and Mathematics	This innovative STEAM-based program joins together STEAM, and design thinking to provide student-driven opportunities to engage in STEAM-related content in authentic and interactive ways. The curriculum is designed to walk youth through five weeks of discussing core STEAM-related competencies and five weeks of game design based on design thinking principles.
TORCH Club	Marketing, Sales and Service	Torch Club is a youth advocacy program that focuses on the development of character, leadership, communication, teamwork, and confidence building. Torch Club uses peer-to-peer interactions to build positive character traits and interpersonal skills. Through this curriculum-based program, members are encouraged to be role models and ambassadors for promoting good character, diversity, and inclusion among peers. Throughout the year, Torch Club members work together to facilitate meaningful service projects in their Clubs and communities. Youth selected service activities give program participants an opportunity to identify needs in their Club and community, while independently developing projects and activities that have a positive impact.
Walk with Confidence	Arts, Audio/Visual Technology and Communications	This class is a self-esteem, self-awareness, and moral booster; you will learn to walk and pose like a runway model.

Where Law Meets Order	Law, Public Safety, Corrections and Security	Have you ever wanted to learn and experience the activities and events that you see on television shows like CSI, and Law and Order? Well come on in and be ready to become the next Crime Scene Investigator!
Youth Braid and Business Academy	Human Services	Youth Braid and Business Academy is an enrichment program that provides hair braiding and entrepreneurship training to youth ages 11-17.
