Program	Career Cluster	Description
Airbrush	Arts, Audio/Visual Technology and Communications	Teaching the skill and artistic development of airbrushing. Teaching the entrepreneurial mindset.
AVID@Boushall	Education and Training	AVID stands for Advancement Via Individual Determination. It is a college readiness system that prepares students in kindergarten through 12th grade for college eligibility and success.
Balance Your Crown	Human Services	Balance Your Crown teaches teen girls that we can't be our best selves without self-awareness and self-care. Our program equips teens with the tools they need to identify who they are, set concrete goals, build self-confidence, and make better decisions.
Bobcats Soccer	Arts, Audio/Visual Technology and Communications	Outdoor soccer instruction and competitive play.
Braid it Up	Human Services	Are you ready to Braid It Up? Learn basic to intermediate hair braiding, to include cornrows and latest trends.
Cheer University	Arts, Audio/Visual Technology and Communications	Cheer University is a cheer training program that focuses on Stomp-N-Shake style of cheerleading (traditional style is taught as well). We use cheer as a vehicle to teach superior skill as well as life skills, positive modeling and health self-esteem building.
Cory Alexander Basketball School	Arts, Audio/Visual Technology and Communications	Cory Alexander Basketball School's program is designed to provide a safe, effective, challenging, and fun environment to help students improve skill level, build confidence and self-esteem, develop focus and a love for sports. Our program will target middle school students, who often struggle to find meaningful and structured activities outside of the classroom.

Culinary Arts Program	Agriculture	We help students embark on culinary journey through from scratch cooking.
Cut Above	Human Services	Cut Above is a unique program that combines barbering instruction with valuable mentoring for young boys
Drone Piloting	Transportation, Distribution and Logistics	Teaching Drone Piloting, videography and photography.
Edible Schoolyard	Agriculture	Join us as we transform the school's outdoor space into a tasty garden where you will learn to dig it, grow it, and eat it! Learn all the steps to creating and maintaining a bountiful garden, then learn how to turn plants into tasty dishes. Lots of tasting and eating in this program!
Game On, Girl!	Arts, Audio/Visual Technology and Communications	How does it feel to have the CONFIDENCE to lead an ACTIVE and HEALTHY lifestyle? Come find out at Game On, Girl where you will work with empowered women to play a variety of fun games and sports in a girl-centered space where students of all abilities are welcome!
Happy Teenz Cooking	Agriculture	Participants will take their culinary skills to the next level! Using fresh, wholesome and natural ingredients students will prepare delectable and DELICIOUS dishes and entrees. All made from scratch!
Outdoor Adventure Club	Science, Technology, Engineering and Mathematics	Join the Blue-Sky Fund Outdoor Adventure Club for exciting activities including canoeing, rock climbing, hiking, and more! Every meeting, we'll venture out into parks and explore the natural environment in and around Richmond, while practicing our outdoor skills, ending the session with an overnight weekend camping trip!
Photopad	Arts, Audio/Visual Technology and Communications	Take digital photos and learn to turn them into digital art too. PhotoPad will teach you how everyday items and the beauty in the community can be digitized.
SpaPreneurs	Human Services	Participants will create luxurious spa products including body butters, candles, soaps and more! Using only natural and wholesome ingredients. Students will also learn how to label, market and develop their signature products.

Sports Max	Science, Technology, Engineering and Mathematics	The Virginia University Preparatory offers comprehensive online career pathways that integrate business, engineering, and sports into practical projects. Students oversee athletic competitions, promote athletic events, create podcasts and broadcasts for those events, assess athletic programs, and help athletes create academic progression plans.
Videography and Photography	Arts, Audio/Visual Technology and Communications	Students will learn firsthand on the elements of 4k recording and photography
Refashion the Fashion	Arts, Audio/Visual Technology and Communications	This class is a self-esteem, self-awareness, and moral booster; you will learn to walk and pose like a runway model.
